NEXT GENERATION
PROGRESSIVE EDUCATION

ABOUT US

Establishing its first branch in Jaipur, Central Academy Education Society was formed in late 60's under the leadership of Late Pt. T.N Mishra. Ever since its very inception, the promoters envisioned contributing to building a greater society that would be liberal, self-sustainable and would work for the well-being of its people.

Today, under the able guidance of our visionary Chairman Dr. Sangam Mishra we continue to work on those values and sustainably spread our wings in all corners of the Country.

Delivering quality education to thousands of students every year, **Central Academy** is a modern day success story in understanding and adapting to the global paradigm shift that has occurred in the field of imparting education.

Unlike the traditional rote method, progressive education methodologies keep the students at the centre of the learning and lay strong emphasis on all round skill development of the learner.

Today, **GENERAL ACADEMY** is held in high esteem for having created a community which:

- Respects cultural diversity and unifies all under one vision and mission
- Is dynamic and evolving in nature, encouraging innovation
- Develops a love for inquiry based learning through student led pedagogies
- Promotes positive communication and healthy collaboration

NEXT GENERATION PROGRESSIVE EDUCATION

General Academy's explorations & experiences of four decades has led to the development of its own 'Application based Progressive Teaching Methodologies' that functions on the principles of Experiential Learning.

As an Institute of repute and stature, we acknowledge the valuable contribution made by our academic & management staff that partners in building an ethical and value driven organisation. From academic scholars, researchers, technology experts, sportsmen & artists, the Institute engages the experts to create and impart 'Next Generation- Progressive Education' to its students.

**GENERAL
ACADEMY**

NEXT GENERATION
PROGRESSIVE EDUCATION

It is our endeavour to follow the National Curriculum Framework (2005) and its guiding principle 'LEARNING WITHOUT BURDEN'.

PRE-PRIMARY NUR-PREP FROM CRADLE TO CLASSROOM

The early years of a child are important for their all-round growth and development. We have carefully curated a curriculum which maintains an equal balance of academics and activities to develop the skills necessary for a successful and happier future. It carefully hones their social-emotional development whilst building their language and communication skills; it also aids in nurturing early mathematical aptitude along with generating creativity and curiosity. All these attributes are well packaged whilst simultaneously ensuring the physical wellness and development of mental vigour of the children.

We encourage participation by parents and guardians in this learning process with the aim of delivering wholesome education.

PRIMARY SCHOOL

[Class I to V]

The Primary School is the next stage of your child's education. It is crucial as this is when children step into the world of formal academics and school life. **CENTRAL ACADEMY** has created a curriculum which is imparted by trained and qualified teachers, wherein children learn about their roles and responsibilities as students and responsible members of society. They develop creative thinking abilities and master independent learning skills – Critical Thinking, Information Technology, Numeracy & Self-Management.

Physical education, art & craft, music and dance are some of the co scholastic activities provided at this stage alongwith nurturing responsibility towards the environment and sustainability.

THE FOUNDATION
OF SUCCESS

PROGRESSIVE EDUCATION

EXPLORATION & DISCOVERY

MIDDLE SCHOOL PROGRAM [Class VI to VIII]

At this crucial stage when they are transitioning into adolescence, students will have the confidence to explore and understand their own aptitude as well as develop skills to tackle problems. At **CENTRAL ACADEMY**, we have spent years finely refining our curriculum and all the activities included in it. Our methodical process helps develop the academic mindset in our pupil, they develop the understanding to gain knowledge and to apply that knowledge, preparing them for world beyond school.

Encouraging scientific aptitude, critical thinking and problem solving through data analysis and scientific inquiry, as well as, creativity, outside-the-box thinking are the strengths of our curriculum. At **CENTRAL ACADEMY**, we lay great emphasis in developing effective communication skills, cultural competence and learning- by- doing so that leadership qualities and teamwork are refined in a child.

SECONDARY SENIOR SECONDARY

[Class IX-XII]

**GENERAL
ACADEMY**

NEXT GENERATION
PROGRESSIVE EDUCATION

The Senior School represents the final juncture of formal schooling and the learning experiences at this stage become vital for the child's future and further studies. At **GENERAL ACADEMY**, we are committed to providing high quality and methodical academic inputs to assist every student to achieve their personal best. The co-scholastic activities are carefully planned which helps destress the students while pursuing their goals.

The key differentiation at this stage of schooling is the alignment of studies with the student's future -be it competitive exams or preparation for Board examinations and later- the challenges students face when they graduate from school.

Each student goes through counselling and assistance programs, which carefully defines each child's strengths and their preferences. Adequate practise and training opportunities keeping the exams in mind, balanced and methodical learning outcome, supported by technology, years of experience and unique ability to nurture young minds- are the foundation of a strong schooling system at **GENERAL ACADEMY**.

BEYOND THE CLASSROOM

CO- CURRICULAR ACTIVITIES

The progressive education regime of the institution is not just restricted to academics but extends to sports and co-curricular activities as well. **CENTRAL ACADEMY** in its quest towards all round wellness of its students believes in striking the right balance between mind, body and spirit that kindles the competitive streak and sportsmanship.

The school offers variety of sports activities like Hockey, Cricket, Basketball, Volley Ball, Boxing, Taekwondo, Wushu, Badminton and Table Tennis, etc. An indoor gaming compound ensures grey matter workout with Carom, Chess, Scrabble, Sudoku and various other board games. Regular yoga and meditation classes help develop the virtues of stillness and mindfulness, thereby promoting stress-free living.

PERFORMING ARTS

Shakespeare once said that “If music be the food of life, play on”. **CENTRAL ACADEMY** with its expert musicians provides various forms of musical trainings, ranging from Indian Classical to Jazz & Contemporary. Assigning it as a curriculum mandate, the Institute ensures that every student gets involved in music education and promotes students who wish to pursue music further.

In pursuit of introducing its students to the vibrant cultural legacy of India, the Academy lays prominence on the teaching of Indian Classical Dancing styles like Kathak and Bharatanatyam. To help grow alongside the burgeoning world music culture, this even broadens to fusion with western music and dance forms that not only enhances the physical and kinetic awareness among students but also encourages aesthetic appreciation of global art forms in children.

The school also takes tremendous pride in its Pipe and Brass Bands - the band that marches forward to win many accolades every year.

STEM EDUCATION

GENERAL ACADEMY has been committed to preparing children for a technology-led future. We want students to benefit from the world's academic trend towards Science, Technology, Engineering and Mathematics.

The Institution has been able to achieve this through:

SMART CLASSES

We are the foremost school to have introduced digital classrooms or 'smart classes' in all of our campuses. This innovative teaching aid helps the learner retain more and make learning fun, given the visual and multimedia component involved.

ROBOTICS AND PRACTICAL LEARNING CLASSES

We aim to not just help students gather knowledge skills, but also help them to connect to the real world by building problem solving skills. When children apply book-knowledge to practical life, they have better chances of success.

MULTIPLE LABS

For most children, Mathematics or Science, or Language is too difficult. As proven, 'doing' makes learning fun and easy, keeping that in mind Central Academy has variety of LABS in its campuses – **Science, Maths, Language, Social Science, ICT and Activity** – for each child to excel and learn, in what they are most comfortable in.

OBSERVATION, INVESTIGATION
& APPLICATION

**GENERAL
ACADEMY**

INTERDISCIPLINARY LEARNING

As a part of its 'Progressive Teaching' curriculum, **GENERAL ACADEMY** aims to maximize the comprehension of various subjects through Interdisciplinary Learning-a novel approach to education that consciously applies knowledge and methodologies from multiple disciplines.

EXPEDITIONARY LEARNING

Driven by the need to ascertain individual observation & beliefs, the school encourages its students to 'learn by doing' by engaging them in first hand experiences through 'Expeditionary Learning' that takes the learner beyond the classroom into the real world offering field trips to museum, nature reserves, science parks & places of historical importance. Project work & field trips plays an important part in their learning & grooming.

ACADEMY**

NEXT GENERATION
PROGRESSIVE EDUCATION

SUPPORTIVE STAFF

GENERAL ACADEMY is a forward looking institution that encourages creativity and original thinking. Students get all the vital support from their teachers and other staff in exploring newer subjects and techniques that helps in developing a scientific temperament and inclination towards research and innovation. Be it art & theatre, robotics, solar physics or other areas of science and technology, Central Academy students have been performing remarkably in developing a comprehensive understanding of nature, including physical, mathematical and social realms.

SOCIAL RESPONSIBILITIES & CAMPAIGNS

The Academy envisages a student community that values education and is also sensitised to its social responsibilities and duties towards the nation and the world as a whole. It is the school's endeavour to develop strong personal qualities and robust character that would make the students the 'flag bearers' of a progressive nation. To help shape its students into better individuals, the school grants great significance to Life Skills Training, Spiritual Awareness, Community Welfare and Environmental Responsibility through value driven social campaigns like simulated civic plays such as 'Nukkad Natak' addressing the Cleanliness Drive, Traffic Safety and yearly plantation drive - 'Har Ghar Ek Paudha' and many other social campaigns.

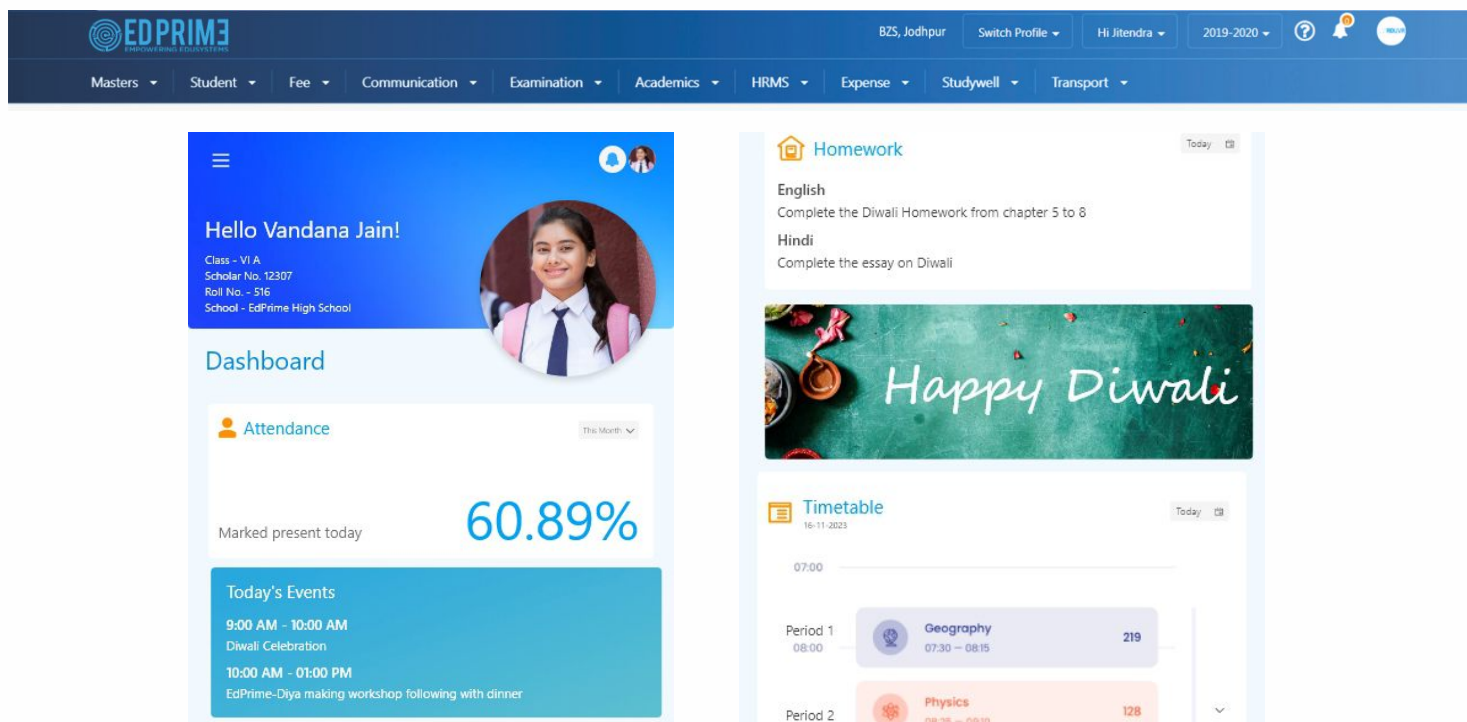

SOFTWARE BASED CHILD PERFORMANCE MANAGEMENT

In order to monitor, analyse and improve the performance of a student, Central Academy makes use of a super advanced School Empowerment System – **EDPRIME**. A cloud based, all device platform that helps track various functions of the school and keeps the parents fully in the loop of their ward's performance, from transactional inform (like attendance, class work, homework & syllabus) to deep analysis of behaviour, forecasting and timely intervention.

Always accessible and on all devices, this unique solution displays each child's performance that was never available before and tactically helps teachers & the parents to continuous work on strengthening the child.

PARENT-TEACHER MEET

In order to maintain a continuous liaison between parents and teachers, regular meetings are organised after each assessment that talks about the child's learning progress. All parents are expected to participate in these meetings, for the betterment of their child. These meetings help parents and school to work together and ensure child's success.

SYLLABUS, LIST OF BOOKS AND LIST OF HOLIDAYS

Printed syllabus with a list of holidays is provided by the school for each class separately. A tentative school calendar is also available from the school book shop, along with details of holidays and school activities during the year. Not to mention on our website:

SCHOOL TERM & POLICIES

The academic session commences in early April and ends in March, unless otherwise stated.

A copy of Rules & Regulation, Do's & Don'ts will be provided with this Brochure. Make sure to ask for it, or better yet visit our website for more information- www.centralacademy.ac.in

THE CENTRAL ACADEMY STUDENT

'If you have the attitude, the aptitude will follow.' The focus has to shift from academic needs-fulfilment to the social-emotional-skills- needs spectrum, so that when a child graduates from school, they are better equipped-mentally, to face challenges, and have well-honed skills to grab the best opportunities life has to offer!

We aspire for our students to be:

- Lifelong learners
- Able to take risks, have the ability to problem-solve and think critically
- Independently work as individuals as well as be a team player
- Creative, caring and rooted to the community
- Brimming with moral courage, integrity and self-respect

CENTRAL ACADEMY ALUMNI NETWORK

CENTRAL ACADEMY through its large Alumni Network offers a cohesive and well-knit community of Ex- Students that network regularly and extend guidance and support to each other through timely advice and valuable references.
